

Medical Mission Opportunities (America)

- **Reach Across America Program**

The purpose of our Reach Across America Program is to provide free dental, vision, and medical care for the un- or under-insured, medically underserved, impoverished population across the United States. Each two-day expedition sees on average between 700-1500 patients. Physicians pay their own expenses. Applications are found [here](#).

- **Volunteer Physician Registry**

This registry is intended to be used by clinics or other entities seeking volunteer physicians. The physicians on the registry have submitted a survey to the Board indicating they would like to volunteer their services. The idea for a registry was developed by the Board's Access to Care Committee and its concern with increasing the availability of health care in California. By creating the registry, the committee believes the Board is providing opportunities to physicians who would like to give something back to their community.

- **Clinic by the Bay**

Clinic by the Bay is San Francisco's Volunteers in Medicine clinic. Our free clinic offers a volunteer-powered local solution to one of the most pressing problems facing our country today: access to affordable health care. Located in San Francisco's Excelsior district, we are a free clinic serving working uninsured adults (ages 18 and older) residing in the Excelsior neighborhood (94112), in Visitacion Valley / Portola (94134), and in Daly City (94014, 94015). A commitment of six months is expected for on-going clinic roles.

- **Volunteers in Medicine- San Diego**

VIM has become a national organization whose primary purpose is to establish neighborhood medical clinics to serve the uninsured working families of the U.S. within a culture of caring. Begin by calling the medical director to express interest.

- **Tzu Chi Foundation**

Tzu Chi provides financial, spiritual, and other services in times of need. Tzu Chi has more than 20 community programs as well as disaster relief services. Volunteers reach out helping hands and assist needy people in their local communities as well as in other countries. Search for opportunities [Here](#).

- **The Second Opinion**

Volunteer physicians provide second opinions for cancer diagnosis. The Second Opinion encourages physicians specializing in pathologists, radiologists, medical oncologists, radiation oncologists and surgeons with oncology sub-specialties to apply.

- **Free Medical Clinic of San Mateo and Redwood City**

Requesting a commitment of two to four shifts per month for six months. Samaritan House operates two highly recognized Free Clinics, one at 19 W. 39th Ave., San Mateo, and one at 114 5th Ave., Redwood City. Each provides primary and specialty medical and dental services to uninsured, low-income residents. The two Clinics employ only eight staff members, yet provide over 9,000 patient visits each year.

- **Lestonnac Free Clinic**

Attend an Open House on the first Wednesday of every month and help be a part of the solution. Lestonnac Free Clinic is devoted to providing free, comprehensive medical care to the poorest of the poor in Orange

County, California, as well as dental care to our currently established patients. We are a non-profit, primarily volunteer organization working with pharmaceutical companies and local hospitals to meet the healthcare needs of low and no-income families in our community.

- **San Diego County Medical Society Foundation**

We are actively recruiting board-certified physicians in all medical and surgical specialties — physicians willing to see at least one uninsured patient. This volunteer opportunity is for practicing physicians only. Patients come to the physician's office to receive services, and send all prescription and medical requests to Patient Access. Physicians should be covered under their full malpractice coverage.

- **Remote Area Medical Volunteer Corps**

The Remote Area Medical Volunteer Corps is a non-profit, volunteer, airborne relief corps dedicated to serving mankind by providing free health care, dental care, eye care, veterinary services, and technical and educational assistance to people in remote areas of the [United States](#) and the [world](#). Founded in 1985, Remote Area Medical® (RAM) is a publicly supported all-volunteer charitable organization. Volunteer doctors, nurses, pilots, veterinarians, and support workers participate in expeditions (at their own expense) in some of the world's most exciting places. Medical supplies, medicines, facilities, and vehicles are donated.

- **National Association of Free Clinics**

The National Association of Free Clinics (NAFC) is the only nonprofit 501c(3) organization whose mission is solely focused on the issues and needs of the more than 1,200 free clinics and the people they serve in the United States. The NAFC is an effective advocate for the issues and concerns of free clinics, their volunteer workforce of doctors, dentists, nurses, therapists, pharmacists, nurse practitioners, technicians and other health care professionals, and the patients served by free clinics in communities throughout the nation.. [Search](#) for a free clinic near you!

- **California Free Clinics**

We are the largest online directory of free and affordable medical clinics. We do our best to list all free clinics that we can. We also list medical and dental clinics that are sliding scale and income based. We donate this in the description fields where possible. Many times there is scant information on these clinics. Do your best to follow up with them to get rules and rule changes as information may have changed from the time we performed our last update. Search for free clinics in California by city.
